For the Council The President

CONSIDERING that the Community, its Member States and Algeria wish to strengthen those links and to establish lasting relations, based on reciprocity, solidarity, partnership and codevelopment;

CONSIDERING the importance which the Parties attach to the principles of the United Nations Charter, particularly the observance of human rights and political and economic freedom, which form the very basis of the Association;

CONSCIOUS, on the one hand, of the importance of relations in an overall Euro-Mediterranean context and, on the other, of the objective of integration between the countries of the Maghreb;

2. Customs duties and charges having equivalent effect applicable on import into Algeria of the products originating in the Community listed in Annex 3 shall be progressively abolished in accordance with the following timetable:

3. Customs duties and charges having equivalent effect applicable on import into Algeria of the products originating in the Community other than those listed in Annexes 2 and 3 shall be progressively abolished in accordance with the following timetable:

- two years after the date of entry into force of this Agreement each duty and charge shall be reduced to 90% of the basic duty;

4. In the event of serious difficulties for a given product, the timetables established in accordance with paragraphs 2 and 3 may be reviewed by the Association Committee by common accord on the understanding that the schedule for which the review has been requested may not be extended in respect of the product concerned beyond the maximum transitional period referred to in Article 6. If the Association Committee has not taken a decision within 30 days of its application to review the timetable, Algeria may suspend the timetable provisionally for a period which may not exceed one year.

5. For each product concerned, the basic duty to be gradually reduced as provided in paragraphs 2 and 3 shall be the rates referred to in Article 18.

Article 10

The provisions concerning the abolition of customs duties on imports shall also apply to customs duties of a fiscal nature.

Article 11

1. Exceptional measures of limited duration which derogate from the provisions of Article 9 may be taken by Algeria in the form of an increase or reintroduction of customs duties. These measures may concern only infant industries, or certain sectors undergoing restructuring or facing serious difficulties, particularly where these difficulties produce major social problems. Customs duties on imports applicable in Algeria to products originating in the Community introduced by these measures may not exceed 25% ad valorem and shall maintain an element of preference for products originating in the Community. The total value of imports of the products subjected to such measures may not exceed 15% of total imports of industrial products from the Community during the last year for which statistics are available. These measures shall be applied for a period not exceeding five years unless a longer duration is authorised by the Association Committee. They shall cease to apply at the latest on expiry of the maximum transitional period referred to in Article 6. No such measures may be introduced in respect of a product if more than three years have elapsed since the elimination of all duties and quantitative restrictions or charges or measures having equivalent effect concerning that product. Algeria shall inform the Association Committee of any exceptional measures it intends to take and, at the request of the Community, consultations shall be held on such measures and the sectors to which they apply before they are implemented. When adopting such measures, Algeria shall provide the Association Committee with a schedule for the abolition of the customs duties introduced pursuant to this Article. Such schedule shall provide for the phasing-out of the duties concerned by equal annual instalments, starting no later than the end of the second year following their introduction. The Association Committee may decide on a different schedule.

2. By way of derogation from the fourth subparagraph of paragraph 1, the Association Committee may exceptionally, in order to take account of the difficulties involved in setting up a new industry, authorise Algeria to maintain the measures already taken pursuant to paragraph 1 for a maximum period of three years beyond the transitional period referred to in Article 6.

CHAPTER 2: AGRICULTURAL, FISHERY AND PROCESSED AGRICULTURAL PRODUCTS

Article 12

The provisions of this Chapter shall apply to products originating in the Community and Algeria falling within Chapters 1 to 24 of the Combined Nomenclature and of the Algerian Customs tariff and to the products listed in Annex 1.

Article 13

The Community and Algeria shall progressively establish a greater liberalisation of their

reciprocal trade in agricultural, fisheries and processed agricultural products of interest to both Parties.

Article 14

1. Agricultural products originating in Algeria listed in Protocol No 1 on importation into the Community shall be subject to the arrangements set out in that Protocol.
2. Agricultural products originating in the Community listed in Protocol No 2 on importation into Algeria shall be subject to the arrangements set out in that Protocol.
3. Fishery products originating in Algeria listed in Protocol No 3 on importation into the Community shall be subject to the arrangements set out in that Protocol.
4. Fishery products originating in the Community listed in Protocol No 4 on importation into Algeria shall be subject to the arrangements set out in that Protocol.
5. Trade in processed agricultural products falling under this Chapter shall be subject to the arrangements set out in Protocol No 5.

Article 15

1. Five years after the entry into force of this Agreement, the Community and Algeria shall assess the situation in order to determine the liberalisation measures to be applied by the Community and Algeria six years after the entry into force of the Agreement, in accordance with the objective set out in Article 13.
2. Without prejudice to the provisions of paragraph 1 and taking account of the patterns of trade in agricultural products, fishery products and processed agricultural products between the Parties and the particular sensitivity of such products, the Community and Algeria shall examine in the Association Council, product by product and on a reciprocal basis, the possibilities of granting each other further concessions.

Article 16

1. Should specific rules be introduced as a result of implementation of their agricultural policies or modification of their existing rules, or should the provisions on the implementation of their agricultural policies be modified or developed, the Community and Algeria may modify the arrangements laid down in this Agreement in respect of the products concerned.
2. The Party carrying out such modification shall inform the Association Committee thereof. At the request of the other Party, the Association Committee shall meet to take due account of the interests of the other Party.
3. If the Community or Algeria, in applying paragraph 1, modifies the arrangements made by this Agreement for agricultural products, they shall accord imports originating in the other Party an advantage comparable to that provided for in this Agreement.
4. Any modification of the arrangements made by this Agreement shall be the subject, at the request of the other Contracting Party, of consultations within the Association Council.

CHAPTER 3: COMMON PROVISIONS

Article 17

1. No new customs duties on imports or exports or charges having equivalent effect shall be introduced in trade between the Community and Algeria, nor shall those already applied upon entry into force of this Agreement be increased.
2. No new quantitative restriction on imports or exports or measure having equivalent effect shall be introduced in trade between the Community and Algeria.
3. Quantitative restrictions on imports or exports and measures having equivalent effect in trade between Algeria and the Community shall be abolished upon the entry into force of this Agreement.
4. Algeria shall abolish by 1 January 2006 at the latest the provisional additional duty applied to the products listed in Annex 4. That duty shall be reduced on a linear basis by 12 points per year starting on 1 January 2002. If Algeria's commitments in respect of its accession to the WTO provide for a shorter period for the abolition of the provisional additional duty, that shorter period shall be applicable.

Article 18

1. For each product concerned, the basic duty to be reduced as provided in Article 9(2) and (3) and in Article 14 shall be the rate actually applied vis-à-vis the Community on 1 January 2002.
2. In the event of Algerian accession to the WTO, the applicable rates for imports between the Parties shall be the WTO bound rate or lower applied rate enforced as of accession. If, after accession to the WTO, a tariff reduction is applied on an *erga omnes* basis, the reduced rate shall apply.
3. The provisions of paragraph 2 shall apply to any tariff reduction applied *erga omnes* introduced after the date on which the negotiations are concluded.
4. The Parties shall communicate to each other their respective basic rates applied on 1 January 2002.

Article 19

Products originating in Algeria shall not enjoy more favourable treatment when imported into the Community than that applied by Member States among themselves. The provisions of this Agreement shall apply without prejudice to the provisions of Council Regulation (EEC) No 1911/91 of 26 June 1991 on the application of the provisions of Community law to the Canary Islands (OJ L 171, 29.6.1991, p. 1), as last amended by Regulation (EC) No 1105/2001 (OJ L 151, 7.6.2001, p. 1).

Article 20

1. Both Parties shall refrain from any measure or practice of an internal fiscal nature establishing, whether directly or indirectly, discrimination between the products of one Party and like products originating in the territory of the other Party.
2. Products exported to the territory of one of the Parties may not benefit from repayment of indirect internal taxation in excess of the amount of indirect taxation imposed on them directly or indirectly.

Article 21

1. This Agreement shall not preclude the maintenance or establishment of customs unions, free trade areas or arrangements for frontier trade insofar as they do not have the effect of altering the trade arrangements provided for in this Agreement.
2. Consultation between the Parties shall take place within the Association Committee concerning agreements establishing customs unions or free trade areas and, where requested, on other major issues related to their respective trade policies with third countries. In particular in the event of a third country acceding to the Community, such consultations shall take place so as to ensure that account is taken of the mutual interests of the Community and Algeria stated in this Agreement.

Article 22

If one of the Parties finds that dumping is taking place in trade with the other Party within the meaning of Article VI GATT 1994, it may take appropriate measures against this practice in accordance with the WTO Agreement on the Implementation of Article VI of GATT 1994, related internal legislation and the procedures laid down in Article 26.

Article 23

The WTO Agreement on Subsidies and Countervailing Measures shall be applicable between the Parties. If one of the Parties finds that subsidies are being used in trade with the other Party within the meaning of Articles VI and XVI GATT 1994, it may take appropriate measures against this practice in accordance with the WTO Agreement on Subsidies and Countervailing Measures and its own legislation on the matter.

Article 24

1. Except where otherwise stated in this Article, the provisions of Article XIX GATT 1994 and of the WTO Agreement on Safeguards are applicable between the Parties.
2. Each Party shall inform the Association Committee forthwith of any step that it takes or intends to take with regard to the application of safeguard measures. Each Party shall send the Association Committee, immediately or at least one week in advance, a communication in writing containing all information pertinent to:
 - the opening of a safeguard investigation;
 - the outcome of the investigation.

The information provided shall include an explanation of the procedure on which the investigation is based and details of the schedule of hearings and other suitable occasions for the parties concerned to submit their opinions. Each Party shall also give the Association Committee an advance written notification containing all relevant information about the decision to apply provisional safeguard measures; this notification must be received at least one week before the measures are applied.

3. On being notified of the final results of the investigation and before applying safeguard measures in accordance with Article XIX of GATT 1994 and the WTO Agreement on Safeguards, the Party intending to apply such measures shall refer the matter to the Association Committee for a thorough examination of the situation with a view to finding a mutually acceptable solution.

4. In order to find such a solution, the Parties shall immediately hold consultations within the Association Committee. If the Parties fail to reach an agreement within 30 days of the initiation of such consultations on a solution to avoid the application of the safeguard measures, the Party intending to apply safeguard measures may apply the provisions of Article XIX of GATT 1994 and of the WTO Agreement on Safeguards.

5. In the selection of safeguard measures pursuant to this Article, the Parties shall give priority to those which cause least disturbance to the achievement of the objectives of this Agreement. Such measures shall not go beyond what is necessary to remedy the difficulties arising and shall maintain the level or margin of preference granted pursuant to this Agreement.

6. The Party intending to apply safeguard measures pursuant to this Article shall offer the other Party compensation in the form of liberalisation of trade vis-à-vis imports from the latter; that compensation will be essentially equivalent to the adverse trade effects of the measures on the other Party with effect from the date of their implementation. The offer shall be made before the safeguard measure is adopted and concurrently with the notification of and referral to the Association Committee, in accordance with paragraph 3. If the Party whose product is the intended subject of the safeguard measure considers the offer of compensation unsatisfactory, the two Parties may agree to other forms of trade compensation in the framework of the consultations referred to in paragraph 3.

7. If the Parties fail to agree on the matter of compensation within 30 days of the initiation of the above consultations, the Party whose product is the subject of safeguard measures may adopt compensatory tariff measures having trade effects essentially equivalent to the safeguard measure adopted pursuant to this Article.

Article 25

Where compliance with the provisions of Article 17(3) leads to:

- (i) re-export towards a third country against which the exporting party maintains, for the product concerned, quantitative export restrictions, export duties, or measures having equivalent effect, or
- (ii) a serious shortage, or threat thereof, of a product essential to the exporting party; and where the situations referred to above give rise, or are likely to give rise, to major difficulties for the exporting Party, that Party may take appropriate measures under the conditions and in accordance with the procedures laid down in Article 26. The measures

shall be non-discriminatory and shall be abolished when conditions no longer justify their maintenance.

Article 26

1. In the event of the Community or Algeria subjecting imports of products liable to give rise to the difficulties referred to in Article 24 to an administrative procedure having as its purpose the rapid supply of information on trade flow trends, it shall inform the other Party. In the cases specified in Articles 22 and 25, before taking the measures provided for therein or, in cases to which paragraph 2(c) of this Article applies, as soon as possible, the Community or Algeria, as the case may be, shall supply the Association Committee with all relevant information with a view to seeking a solution acceptable to the two Parties. In the selection of measures, priority shall be given to those which least disturb the functioning of this Agreement.

2. For the implementation of the second subparagraph of paragraph 1, the following provisions shall apply:

- (a) as regards Article 22, the exporting Party shall be informed of the dumping case as soon as the authorities of the importing Party have initiated an investigation. When no end has been put to the dumping within the meaning of Article VI of GATT 1994 or no other satisfactory solution has been reached within 30 days of the matter being referred, the importing Party may adopt the appropriate measures;
- (b) as regards Article 25, the difficulties arising from the situations referred to in that Article shall be referred for examination to the Association Committee. The Association Committee may take any decision needed to put an end to the difficulties. If it has not taken such a decision within 30 days of the matter being referred to it, the exporting party may apply appropriate measures on the exportation of the product concerned;
- (c) where exceptional circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Community or Algeria, whichever is concerned, may, in the situations specified in Articles 22 and 25, apply forthwith the precautionary measures strictly necessary to deal with the situation and shall inform the other Party immediately thereof.

Article 27

Nothing in this Agreement shall preclude prohibitions or restrictions on imports, exports or goods in transit justified on grounds of public morality, public policy or public security, of the protection of health and life of humans, animals or plants, of the protection of national treasures possessing artistic, historic or archaeological value, of the protection of intellectual, industrial and commercial property or of regulations concerning gold and silver. Such prohibitions or restrictions shall not, however, constitute a means of arbitrary discrimination or a disguised restriction on trade between the Parties.

Article 28

The concept of "originating products" for the application of the provisions of the present Title and the methods of administrative cooperation relating to them are set out in Protocol No 6.

Article 29

The Combined Nomenclature of goods shall be applied to the classification of goods for imports into the Community. The Algerian customs tariff shall be applied to the classification of goods for imports into Algeria.

TITLE III

TRADE IN SERVICES

Article 30

Reciprocal commitments

1. The European Community and its Member States shall extend to Algeria the treatment which they are obliged to grant under Article II.I of the General Agreement on Trade in Services, hereinafter referred to as GATS.
2. The European Community and its Member States shall grant to Algerian service suppliers no less favourable treatment than that accorded to like service suppliers as specified in the schedule of specific commitments taken by the European Community and its Member States under the GATS to which it is annexed.
3. This treatment shall not apply to advantages accorded by either Party under the terms of an agreement of the type defined in Article V of the GATS or to measures taken on the basis of such an agreement and to other advantages granted in accordance with the list of most-favoured nation exemptions annexed by the European Community and its Member States to the GATS.
4. Algeria shall grant no less favourable treatment to service suppliers of the European Community and its Member States than that specified in Articles 31 to 33.

Article 31

Cross-border supply of services With regard to the supply of services by Community service suppliers into the territory of Algeria, other than through a commercial presence or the presence of natural persons, as referred to in Articles 32 and 33, Algeria shall grant treatment to Community service suppliers no less favourable than that accorded to companies of any third country.

Article 32

Commercial presence

1.
 - (a) Algeria shall grant for the establishment of Community companies in its territory treatment no less favourable than that accorded to companies of any third country;

- (b) Algeria shall grant to subsidiaries and branches of Community companies, established in its territory in accordance with its legislation, in respect of their operations, treatment no less favourable than that accorded to its own companies or branches, or to Algerian subsidiaries or branches of companies of any third country, whichever is the better.

2. The treatment referred to in paragraph 1(a) and (b) shall be granted to companies, subsidiaries and branches established in Algeria on the date of entry into force of this Agreement and to companies, subsidiaries and branches established there after that date.

Article 33

Temporary presence of natural persons

1. A Community company or Algerian company established in the territory of Algeria or the Community respectively shall be entitled to temporarily employ, or have temporarily employed by one of its subsidiaries or branches, in accordance with the legislation in force in the host country of establishment, employees who are nationals of Community Member States and Algeria respectively, provided that such employees are key personnel as defined in paragraph 2, and that they are employed exclusively by such companies, subsidiaries or branches. The residence and work permits of such employees shall only cover the period of such employment.

2. Key personnel of the abovementioned companies herein referred to as "organisations" are "intra-corporate transferees" as defined in (c) in the following categories, provided that the organisation is a legal person and that the persons concerned have been employed by it or have been partners in it (other than as majority shareholders), for at least the twelve months immediately preceding such movement:

- (a) persons working in a senior position with an organisation, who primarily direct the management of the establishment, receiving general supervision or direction principally from the board of directors or stockholders of the business or their equivalent, including:
- directing the establishment or a department or sub-division of the establishment;
 - supervising and controlling the work of other supervisory, professional or managerial employees;
 - having the authority personally to recruit and dismiss or recommend recruiting, dismissing or other personnel actions;
- (b) persons working within an organisation who possess uncommon knowledge essential to the establishment's service, research equipment, techniques or management. The assessment of such knowledge may reflect, apart from knowledge specific to the establishment, a high level of qualification referring to a type of work or trade requiring specific technical knowledge, including membership of an accredited profession;
- (c) an "intra-corporate transferee" is defined as a natural person working within an organization in the territory of a Party, and being temporarily transferred in the context of pursuit of economic activities in the territory of the other Party; the organisation concerned must have its principal place of business in the territory

of a Party and the transfer be to an establishment (branch, subsidiary) of that organisation, effectively pursuing like economic activities in the territory of the other Party.

3. The entry into and the temporary presence within the respective territories of Algeria and the Community of nationals of the Member States or of Algeria respectively, shall be permitted, when these representatives of companies are persons working in a senior position, as defined in paragraph 2(a), within a company, and are responsible for the establishment of an Algerian or a Community company, in the Community or Algeria respectively, when:

- those representatives are not engaged in making direct sales or supplying services, and
- the company has no other representative, office, branch or subsidiary in a Community Member State or Algeria respectively.

Article 34

Transport

1. Articles 30 to 33 shall not apply to air, inland waterway or land transport or to national shipping (cabotage), subject to the provisions of paragraphs 2 to 6 of this Article.

2. In respect of activities undertaken by shipping agencies for the provision of international maritime transport services, including inter-modal activities involving a sea leg, each Party shall permit to the companies of the other Party their commercial presence in its territory in the form of subsidiaries or branches, under conditions of establishment and operation no less favourable than those accorded to its own companies or to subsidiaries or branches of companies of any third country whichever are the better. Such activities include, but are not limited to:

- (a) marketing and sales of maritime transport and related services through direct contact with customers, from quotation to invoicing, whether these services are operated or offered by the service supplier itself or by service suppliers with which the service seller has established standing business arrangements;
- (b) purchase and use, on their own account or on behalf of their customer (and the resale to their customers) of any transport and related services, including inward transport services by any mode, particularly inland waterways, road and rail, necessary for the supply of an integrated service;
- (c) preparation of transport documents, customs documents, or other documents related to the origin and character of the goods transported;
- (d) provision of business information of any means, including computerised information systems and electronic data interchange (subject to any non-discriminatory restrictions concerning telecommunications);
- (e) setting up of any business arrangement, including participation in the company's stock and the appointment of personnel recruited locally (or, in the case of foreign personnel, subject to the relevant provisions of this Agreement), with any locally established shipping agency;

- (f) acting on behalf of the companies, organising the call of the ship or taking over cargoes when required.
3. With respect to maritime transport, the Parties undertake to apply effectively the principle of unrestricted access to the international market and traffic on a commercial basis. However, the legislation of each Party shall apply to the preferential right of the national flag for national cabotage and for salvage, towage and pilotage. These provisions do not prejudice the rights and obligations arising under the United Nations Convention on a Code of Conduct for Liner Conferences, as applicable for either Party to this Agreement. Non-conference lines shall be free to operate in competition with a conference line as long as they adhere to the principle of fair competition on a commercial basis. The Parties affirm their commitment to a freely competitive environment as being an essential feature of the dry and liquid bulk trade.
4. In applying the principles of paragraph 3 above, the Parties shall:
- (a) not introduce cargo-sharing arrangements in future bilateral Agreements with third countries concerning dry and liquid bulk and liner trade. However, this does not exclude the possibility of such arrangements concerning liner cargo in those exceptional circumstances where liner shipping companies from one or other Party to this Agreement would not otherwise have an effective opportunity to ply for trade to and from the third country concerned;
- (b) abolish, upon entry into force of this Agreement, all unilateral measures, administrative, technical and other obstacles which could constitute a disguised restriction or have discriminatory effects on the free supply of services in international maritime transport.
5.
