<b>Type of Reservation:</b>	National Treatment (Article 1202) Most-Favored-Nation Treatment (Article 1203) Local Presence (Article 1205)
<b>Description:</b>	<u>Cross-Border Services</u>  Canada reserves the right to adopt or maintain any measure relating to radiocommunications, submarine cables and the provision of telecommunications transport networks and telecommunications transport services. These measures may apply to such matters as market entry, spectrum assignment, tariffs, intercarrier agreements, terms and conditions of service, interconnection between networks and services, and routing requirements that impede the provision on a cross-border basis of telecommunications transport networks and telecommunications transport services, radiocommunications and submarine cables.  Telecommunications transport services typically involve the real-time transmission of customer-supplied information between two or more points without any end-to-end change in the form or content of the customer's information, whether or not such services are offered to the public generally. These services include voice and data services by wire, radiocommunications or any other electromagnetic means of transmission.  This reservation does not apply to measures relating to the cross-border provision of enhanced or value-added services.
